

Old Man Flu
The Bill to Make
Work for Engineers

Your editor is back in circulation after a three-day bout with the flu. I don't want any more of that guy.

He's a double-tough customer who moves like chain-lightning. You get dizzy talking up a fishing trip, and before the day is over you're down with 3 degrees of fever, a first-class set of chills, and a bleak outlook.

The great controller, of course, is penicillin. I recalled rather vividly that when Managing Editor Paul Jones was going through a similar experience he got rid of the flu in a few days but was six weeks shaking off the case of hives which the penicillin shots induced. But you have no alternative; you take the shots just the same. And it's a nice-looking world to-day, believe me.

An item I intended to discuss Monday, before the interruption, Senate Bill No. 121 (Reaves) which has passed the upper chamber and is up for debate in the house. The bill's language defines it as amending Act 202 of 1925 "to regulate the practice of professional engineering, in order that the life, health, safety and welfare of the public may be better protected."

The new bill would:

1. Forbid the practice of engineering in Arkansas by anyone not already registered under the state law, except that an engineer-in-training might work as an employee under an Arkansas duly registered.
2. Non-residents having no office in the state are limited to 30 days' practice in Arkansas, providing, however, that they are duly accredited engineers in their own state or country.

There is a good deal more to this rigamarole, and all of it is obviously less concerned with the welfare of the public than with the welfare of the engineer. It would occur to the average man that in the case of skilled talent such as engineers there is an obvious reciprocity between states — you honor the credentials of the men we trained and we'll honor yours. This exclusive stuff is pretty sour.

General Motors builds a new fabricating plant in Arkansas. Reynolds Metals company spends 30 millions for an aluminum mill, and perhaps one day the White Star Paper mill will go in near Prescott — vast projects like these summon the services of engineers from all over America and from foreign lands also. The men putting up the investment money are certainly going to demand the right to say whose engineering talent shall be trusted — and the only effect I can see in this intolerable law proposal would be to stop big industry cold in its attempt to settle in our state.

From my own personal observation of the El Dorado oil boom 1923-24 I know it to be true that Arkansas engineers got their share of work and fees even though the big petroleum companies brought in their own staffs.

The bill that the senate passed makes Arkansas look pretty foolish before the world, and I certainly hope the house plows it under.

Plane Goes Through Volcano Smoke

KODIAK, Alaska, (U) — The crew of a U. S. Navy patrol plane told today how they flew through billowing black smoke and pelting ash spewed into the air in a mass eruption of volcanoes in the Katmai National Monument area.

The pilot, Lt. James T. Ingram, was flying over the Shelikof Strait between Kodiak Island and the mainland when a huge, black ball of smoke was seen rising into the air some 20 miles from the plane. "It rolled up like smoke from an oil fire," Ingram said. "It went up about 15,000 feet."

Ingram said he circled to the left of the eruption and two minutes later a second cloud of smoke boiled up eight miles northeast of the first plume and moved close to it.

"Streams of ash poured out of the smoke," Ingram said, "like rain falling from a thundercloud."

Ingram kept circling the eruption and one hour later, more columns of smoke poured into the air, one after the other. Ingram said they shot up in line, like a chain of explosions.

Buddy Porter Joins Lewis-McLarty

C. C. Lewis today announced that I. H. (Buddy) Porter is now with the men's department of Lewis-McLarty's Department Store. Mr. Porter has had several years experience. His friends are invited to visit him at his new location.

MORE CASUALTIES

WASHINGTON (U) — The Defense Department today identified 44 Korean War casualties in a new list (No. 752) that includes 15 killed, 24 wounded and 5 injured. It also reported captured two who were previously listed as missing.

Tax Committee Insists Slash Must Be First

By CHARLES F. BARRETT

WASHINGTON (U) — The House Ways and Means Committee disagreed vigorously and openly today with President Eisenhower's avowed policy of putting spending cuts ahead of any reductions in taxes.

A tax cut must "precede, not follow" budget reductions, the committee said in a report to the House only one day after Eisenhower strongly renewed his stand for the reverse order.

Further, the committee asserted, a delay in tax trimming until the level of spending is determined — the approach stressed by Eisenhower — "might well have serious economic consequences."

This language brought squarely into the open a simmering clash among Republicans over tax policy.

Israel Gets Cold Shoulder in Aid Plea

By JOHN SCALI

WASHINGTON (U) — The United States is reported turning a cold shoulder to Israel's urgent plea for aid while lining up limited military and economic help for Egypt. The Eisenhower administration, it was learned, has decided to sidetrack Israel's bid, temporarily at least, in order to avoid antagonizing strategic Arab governments.

Seven Arab nations jointly told the State Department yesterday "any more help of any sort" might endanger the uneasy truce between Arabs and Jews in the Middle East.

The bitterly worded Arab complaint, said Israel, was trying to "exploit" its diplomatic break with Russia to win special assistance from the U. S.

Top American officials reportedly assured the Arab diplomats the administration would treat all Middle Eastern countries equally.

To back up this policy, arrangements are taking shape behind the scenes to pump some dollar aid and weapons shipments to Egypt. This move is viewed by U. S. officials as desirable in the next few weeks in order to encourage Egypt's strong man Premier, Gen. Mohammed Naguib, to join the proposed Middle East defense alliance against communism.

Council Delays Action on Rate Slash

A lot of discussion but no definite action was taken on two important proposals at the city council session last night.

Carter Johnson, employed by the city to make a survey study of the present rural rates discussed the issue with the council and members of the Farm Bureau headed by Ned Purdie. No decision was made pending further study.

C. O. Thomas reported to the council that an underpass at Shover and East Division on the Missouri Pacific Railway was feasible and practical. He was allowed \$150 for making the survey. The council now will seek the underpass from the railway.

The group approved the Parks and Recreation committee named by Mayor Wilson: Mike Kelly, J. L. Liebong, Mrs. Eleanor Watkins, Fred Gresham and Albert Graves. Cost of replacing new radio equipment in city police cars was estimated at about \$1500. No action was taken.

An ordinance was passed to vacate and abandon alleys in Blocks 2 and 3 in the city.

A plea by the school district to open Edgewood from Sixth to Shover Street due to heavy traffic was turned over to the street committee.

Final Rites Held for S. Davenport

Final rites for Stith Davenport, 75, who died here Tuesday, were held at 10:30 a.m. today. Survivors include his wife, Mrs. Erna Davenport, a brother, Carry Davenport of Oklahoma City and a sister, Mrs. William Claus of Clearwater, Fla.

Brother of Hope Man Succumbs

Perenous Charles Easter, aged 58, died Monday at a Little Rock Hospital. He was a resident of North Little Rock. Survivors include a brother, J. B. Easter.

Many Residents From This Area Work at Lone Star

Pay checks totalling \$350,000 are paid out each week at the Lone Star Ordnance Plant at Texarkana to over 6000 employees whose homes are scattered throughout four states — Texas, Arkansas, Oklahoma and Louisiana.

Employed from Hempstead county are: Fulton 22, Hope 66, McNab 11, Blevins 4, Washington 5, McCaskill 1 others in Hempstead 3. Howard — Nashville 48, Okay 2, Mineral Springs 25, Saratoga 3, Lafayette — Bradley 1, Lewisville 18, Stamps 7, Buckner 2, Nevada county — Prescott 26, Emmet 4.

Controls Off Milk, Butter, Oleo, Drugs

By MAUREEN GOTHLIN

WASHINGTON, (UP) — The government today removed price controls on milk, butter, oleomargarine, cosmetics, drugs, sewing machines, radio-TV and automobile repair services and thousands of other things.

Price Stabilizer Joseph Frechill forecast general price increases on repair services and perhaps on milk. He said there possibly will be price increases in cosmetics and some drugs.

The action left only 13 percent of the times in the government's cost-of-living index still under full control.

Cigarettes were not decontrolled today.

The decision to de-control milk and dairy products prices today was made at the last moment and resulted in the postponement of the de-control of cigarette prices to some future week.

Among home appliances decontrolled in addition to sewing machines were vacuum cleaners, air conditioners, and floor polishers.

Today's action was the third big de-control decision in the program to remove all price controls by April 30.

Today's orders de-control all consumer-type services except laundry, dry cleaning, and linen and diaper supply services.

Drunk Farmer Slays Girl, Wounds Two

HOT SPRINGS, (UP) — A 16-year-old girl was fatally shot and two other women were wounded when a 41-year-old farmer got drunk and went berserk with a gun here yesterday.

The dead girl was Cleo Jones, a handy maid in the home of Mr. and Mrs. Lester Cox on Highway 88, east of here, where the triple shooting occurred. Mrs. Cox was shot in the leg.

Miss Marie Pitts, 27, shot in the left arm and shoulder told police the shooting was "all my fault."

She said she was the common law wife of William (Indian Bill) Jenkins, 41, the farmer.

Police said Cleo, in the role of peacekeeper, ran from the house to intervene and Mrs. Cox locked the door behind her. Miss Pitts, wounded, ran to the locked door and was hit in the shoulder by a second bullet.

Cleo then turned and ran around the house, with Jenkins following. Mrs. Cox opened the rear door of the house to let her in and a bullet caught Cleo in the head just as she reached the door. Another bullet hit Mrs. Cox.

Cleo died two hours later in St. Joseph's Hospital.

Jenkins was arrested about the time of Cleo's death while walking on Highway 88 about a mile from the Cox home. Prosecuting Attorney H. A. Tucker said he was intoxicated and made no statement.

Miss Pitts told Tucker: "It was all my fault. Bill (Jenkins) and I were not married but I had been staying at his house for about two months. I threatened to leave him, and he became enraged."

Tucker said Miss Pitts explained that she went to the Cox home to see Cleo and that Jenkins followed her. Then he left and later came back "shootin'."

Prayer for Missions Planned Friday

At 12 noon Friday, February 20, Christians are asked to pray for the Work of Missions, sponsored by the United Council of Church Women.

COLD BEEF — Cattle, covered with part of Chicago's five-inch snowfall Monday, mill about in their pens at the stockyards. The day's receipts of 24,000 head were slightly higher than normal, perhaps indicating farmers hope for higher prices with the end of price controls. — NEA Telephoto

PERSONAL ATTENTION — High administration sources disclosed that President Eisenhower is giving personal attention to the price slump and that he might issue a statement to allay fears voiced by many farm state congressmen about Secy. of Agriculture Ezra Benson's price support policies. Benson, center, Sen. Frank Carlson (R-Ken.), left, and Sen. George Aiken (R-Vt.), right, chairman of the Senate Agriculture Committee, leave the White House following a conference called by the Chief Executive. — NEA Telephoto

Will Attempt to Fix Gas Prices

LITTLE ROCK (U) — Rep. Paul Van Dalsen of Perry County today said he would introduce a bill to attempt to fix gasoline prices, exclusive of tax, at not more than the average charged in surrounding states.

Van Dalsen said the bill would specify that no more could be charged for gasoline in Arkansas than the average of the price being charged in Texas, Louisiana, Missouri and Oklahoma.

He said also the bill would allow recovery of three times the amount of the overcharge plus additional penalties.

A House committee has been investigating alleged gas price discrimination against Arkansas users.

Bauxite Tax Decision Is Delayed

By LEON HATCH

LITTLE ROCK (U) — Bills to increase the severance tax on bauxite and barite and a third measure to tax income of farm production credit associations got the attention of the House Revenue and Taxation Committee and several hundred partisan spectators last night.

After the public hearing, the Committee postponed a decision on what recommendations to make on the bills to the full House.

The bauxite bill would increase the tax on mined ore (severance tax) from the present 10 cents a ton to a minimum of 25 cents a ton and a maximum of \$1.25, depending on grade.

The barite bill would change the present 10 cents a ton tax to a similar sliding scale between 20 cents to \$1.40 a ton.

The increase proposed in each bill would be divided 30 per cent to State Hospital; 30 per cent to University of Arkansas; 2 1/2 per cent each to Deaf School and Blind School and 5 per cent each to the seven state-supported colleges.

The third bill, proposed by Rep. Harold Hallman of Sevier County, would levy a tax of eight mills per dollar on yearly gross earnings of farm production credit associations operating in the state.

The bauxite bill occupied most of the 3-hour hearing and drew most attention of spectators, a majority of whom apparently were against the proposed tax increase.

Statistics hang down from the roof of a cave and stalactites grow from the floor.

Ike's News Meet Bothers Newsmen

By MERRIMAN SMITH

WASHINGTON, (UP) — White House officials assured reporters today that President Eisenhower has no intention of dictating the subject matter of his future news conferences.

They also predicted that he will henceforth allow more time for questioning; certainly more than he allowed yesterday when he cut his first White House news conference to about 15 minutes of give-and-take after his prepared announcement.

His debut left reporters with the distinct impression that Mr. Eisenhower wanted firmer control over the course, duration and subject matter of his news conferences than was exercised by his two Democratic predecessors, Presidents Roosevelt and Truman.

This was indicated chiefly by the manner in which Mr. Eisenhower laid down the basic topics for discussion, and then ended the conference on his own initiative instead of waiting for a reporter to say "Thank you, Mr. President," the traditional signal that questioning is through.

Cherry Interested in Highway 7

LITTLE ROCK, (U) — Gov. Cherry today showed considerable interest in completing unpaved sections of Highway 7 which was started early in the administration of former Gov. Sid McMath.

The governor at a morning press conference said "we'll have to see if we can't get them paved" in referring to unpaved portions of the Highway from Harrison to just outside of Hot Springs.

Smith to Take Snoddy's Place

LITTLE ROCK, (U) — Former State Sen. Earl S. Smith of Jonesboro will serve as executive secretary to Gov. Cherry, succeeding Jim Snoddy of Alma, who resigned last week.

The governor announced appointment of the attorney yesterday.

CHARGED WITH MURDER

PUSAN, Korea (U) — The captain and crew members of a South Korean ferryboat which capsize last month with a death toll of nearly 300 have been charged with murder.

The ship sank within minutes in heavy seas a few miles from Pusan. Investigation indicated the ferry was heavily overloaded.

Judge Promises Highway Probe to Be Revived

LITTLE ROCK, (U) — The Grand Jury investigation of Arkansas Highway Department operations will continue under a promise made here yesterday by Circuit Judge Harry Robinson.

Robinson, who dismissed a Grand Jury last week with charge that a "shush fund" had been raised to assist in its investigation, said the March Grand Jury would be instructed to continue the probe of "waste and extravagance" in the Department.

The judge, appointed by former Gov. Sid McMath in one of his last official acts, was urged by two bar groups yesterday to disqualify himself from the investigation.

Robinson said he would ask two circuit judges to work with me. In these investigations, so that no one can say that a fair and impartial hearing will not be given both the state and the defendant."

The HAC report concerned Highway Department operations under the McMath administration.

Both the Executive Committee of the Arkansas Bar Association and the Pulaski County Bar Association urged Robinson's withdrawal from the case and an early resumption of the probe.

In separate meetings, the resolutions adopted identical results.

McClellan Says 'Voice' Mismanaged

WASHINGTON (UP) — Sen. John L. McClellan asserted today that waste and mismanagement in the State Department's Voice of America "may border on treason."

The Arkansas Democrat said disclosures before the Senate Permanent Investigating Committee go far beyond "incompetence and stupidity," and "there is no question in my mind that some of this may border on treason."

The committee called Howard Fast, left-wing author, to testify in public hearings. It has investigated reports that the Voice of America broadcast extensively from the writings of Fast, who has been linked with many Communist front organizations by the House Un-American Activities Committee.

McClellan was openly critical of the Voice of America and Chairman Joseph H. McCarthy said the committee is determined to establish responsibility for the mismanagement. He agreed with McClellan that "it's more than mere inefficiency."

Fruit Crop Not Hurt Yet, Bittle Says

Worried about that peach crop? You shouldn't yet according to Cecil Bittle, director of the University of Arkansas Experiment Station here.

Two nights ago the mercury slumped to 25 degrees, taking with it about 15 per cent of the station's peach buds. The loss, so far, Mr. Bittle said after a count yesterday, is 55 per cent.

This leaves 45 per cent of the buds which is plenty as only 12 to 15 per cent of a tree's buds ever make fruit, Bittle said.

Baring a severe freeze the crop will be fine.

Mardi Gras in Full Swing

NEW ORLEANS, La., (U) — Church bells tolled the end of Mardi Gras revelry and the beginning of 40 days of fasting and penance of Lent.

Mardi Gras, its merry-making marred by at least one death, ended last midnight and the devout began preparing spiritually for Easter.

India Accepts U. S. Ambassador

WASHINGTON (U) — India has accepted career diplomat George V. Allen as the new American ambassador to New Delhi, informed sources said today.

Allen, now envoy to Communist Yugoslavia, will succeed Chester Bowles, former Democratic governor of Connecticut and outgoing federal judge.

L. C. Yocom, 93, Dies at Home in Spring Hill

Lewis Conway Yocom, aged 93, a resident of Spring Hill, died at his home Tuesday.

He is survived by his wife, two sons, Chapel Yocom of Tucuman, N. M. and L. C. Jr. of Hope and a daughter, Maggie Yocom of Spring Hill.

Funeral services will be held at 2:30 p.m. Wednesday at the Spring Hill Baptist Church by the Rev. Elbert O'Steen. Burial, in charge of Herndon-Cornelius, will be in Hockabee Cemetery.

House Group Favors Passage of Bauxite Tax

By LEON HATCH

LITTLE ROCK, (U) — The House Revenue and Taxation Committee today recommended passage of bills to increase the severance tax on bauxite and barite.

It returned without recommendation a bill which would levy a tax on income of farm production credit associations.

The Committee decided on its recommendations during the mid-day recess of the House after it had held a largely attended public hearing on the three bills last night.

The bill was signed by Glenn C. Ricketta, chairman of the legislative committee of the Arkansas Pharmaceutical Association, and organization of drug store owners. It is almost identical to a bill defeated by the 1951 General Assembly.

The bill's principal provision sets out that the State Board of Pharmacy must register persons who have been filling prescriptions.

3 Questioned in Connection With Robbery

Three persons are being questioned in connection with the reported attack and robbery of Jess Morris, local meat dealer.

Arrested for questioning yesterday was Charles Richardson, Hope, who, officers said, admitted fighting with Morris but denies taking any money off him. Morris told city officers that Richardson took his money after knocking him down.

Arrian and a woman riding with Richardson are being held in custody at Camden and will be brought to Hope today for questioning. They were identified by Deputy Prosecuting Attorney Royce Wolsenberger as Barry Lee Wright of Hope and Christine Bridges of Camden.

Morris first reported \$1,100 in cash was taken along with a check for \$1,400 but today told officers a checkup this morning revealed he only had \$303 in cash.

"Further questioning will be made today," Mr. Wolsenberger said, "in dealing no charges have been filed."

Ticket Sales for Concert Going Good

Advance ticket sales for the high school band concert Thursday night are running well ahead of last year's sales. It was reported today from the high school band office.

The indications are that an even larger crowd than before will be on hand when the concert begins at 7:45 in the high school auditorium.

A contest is on between the band seniors and juniors on one side, and sophomores and freshmen on the other to see which side can make the most advance sales.

The losers of this contest will enter into the winners with a picnic some time later this spring when the weather is suitable. Although the sales contest will end at seven o'clock Thursday evening, tickets will still be available at the door up to curtain time.

Mr. Cannon, director of the high school band, said today that the 1895 letter award winners in both senior and junior bands will be announced from the stage at the end of the concert. Afterwards the band building will be opened to band members an dinner guests for an informal entertainment.

Minor Damage in Wreck Here

Automobile driven by Mrs. F. J. Whitman and Robert E. Biddle, Jr. was wrecked in front of the Postoffice yesterday with little damage to building.

400 Planes Hit Reds; Sabres Bag Seven Jets

By ROBERT B. TUCKMAN

SEOUL, (U) — Nearly 400 Allied fighter-bombers blasted a big North Korean tank and infantry training base into flaming ruin in dawn raids today, touching off furious air battles that saw seven Red MIGs shot from the skies, U.S. Fifth Air Force reported.

Two tremendous air blows by a total of 379 fighter-bombers struck the center near the North Korean capital of Pyongyang late a day of "hellish fire" with great explosions that jarred radar planes 1,000 feet up, returning pilots reported.

Air Force and Marine planes teamed in the strike, billed as the largest of the year. Late arrivals over the target said fires and towering smoke columns made it impossible to tell immediately how much damage was wrought.

SEOUL (U) — U. S. Sabre jets today destroyed at least seven Red MIGs jets, the U. S. Fifth Air Force reported.

The Sabres were screening

Move to Oust RFC Gets More Backing

By RAYMOND LAHR

WASHINGTON, (UP) — The Eisenhower administration has thrown its support behind a Congressional move to abolish the multi-billion dollar Reconstruction Finance Corp., it was learned today.

A reliable informant said the administration has already privately endorsed a bill introduced by Sen. Harry F. Byrd (D-Va.) and co-sponsored last week to limit the depression-bomb government lending agency established by former President Herbert Hoover 22 years ago.

A cabinet rank administration official will testify publicly in favor of the bill when it comes before the Senate Banking Committee for hearings, this informant said.

A large number of Republican senators and conservative Democrats headed by Byrd have been gunning for abolition of the RFC since a Senate investigating committee two years ago revealed tangled webs of political "favoritism and influence" in its lending operations.

A cabinet rank administration official will testify publicly in favor of the bill when it comes before the Senate Banking Committee for hearings, this informant said.

A large number of Republican senators and conservative Democrats headed by Byrd have been gunning for abolition of the RFC since a Senate investigating committee two years ago revealed tangled webs of political "favoritism and influence" in its lending operations.

Labor Leader Fears Plight of Schools

ATLANTIC CITY, N.J., (U) — Walter P. Reuther, president of the CIO, declared today "the plight of our schools has deteriorated to a national scandal to a national disgrace."

Reuther, a vocal American educator, is being rabid of the "national disgrace" he said in a speech before the American Association of School Administrators.

If the nation can afford billions for defense, it can afford a decent school system, he said. Hundreds of thousands of children members work in modern, well-lighted, well-ventilated, heated plants paid for by taxpayers, he said.

"But the kids of these workers are forced to go to many communities to go to schools that are outdated or overcrowded, or under staffed, or makeshift or obsolete."

"Regardless of what you may hear from Washington, the country is bankrupt. It has the financial strength, and it should have the will, to make the necessary investments to produce a decent school system."

He said a recent decision by the House Appropriations Committee cut off 24 million dollars for the state aid to schools in defense of a "false economy."

Reuther called on educators to public schools to "struggle for the basic human and educational values."

These Days

E. Sakelsky

Depot and the Immigration

Writing on the question of the depot, who enjoy all the privileges of American life, while legal, having no right to be in this country, I missed a point or two in the McCarran-Waller Immigration Act, the most important being that if a country requires to accept deportees who are not citizens, the United States is empowered by law to refuse to issue visas or immigration permits to any nationals of that country.

In other words, should Italy refuse to accept Castello or Luchese or any other persons whom the Department of Justice seeks to deport, it should refuse to accept any other nationals of that country.

Section 235 (1) of the act reads: "Upon the notification by the Attorney General that any country is unwilling to accept or unwilling to accept the return of any alien who is a national, citizen, subject, or resident thereof, the Secretary of State shall in his discretion refuse to issue visas or immigration permits to any nationals of that country."

Some of the newer generations of immigrants seem to believe that they not only have the right to equality under the law, but that for some unaccountable reason they are entitled to special privileges, including the privilege of being criminals, of pushing dope, of bribing officials. Those who feel that way do not seek equality but preference.

If the opposition to the McCarran-Waller Act were based on the belief that it is unconstitutional, it would be a different matter. But the argument against this measure is that it is unfair to immigrants who wish to come and stay here. That is a different matter.

No one on this Earth is entitled to come to the United States; anyone is free to hope that the American people will welcome him, and that once here, he will as comfort himself that the American people will want him to remain, so that his children may enjoy the benefits of American citizenship.

This may be an unpleasant way of saying what is true, but it needs to be said, particularly as many Americans are growing very tired of being told by outsiders what they must do. It is the constitution, the right of Americans to oppose a law, and that applies to this law, to any other—but the affairs of the United States must remain the proper business only of Americans. Foreigners ought not to have a voice in our law-making.

House Groups

Continued from Page One

under the supervision of a registered pharmacist in a retail drug outlet for at least five years.

This would allow a drug store employee to get a license to practice pharmacy without attending any school.

The House rejected a bill which would have permitted confiscation of automobiles or airplanes used to illegally import into the state whiskey or cigarettes for purpose of evading the state tax.

The bill specified that transportation of as much as six cartons of cigarettes or 2½ gallons of whiskey would be considered as evidence that the cargo was intended for sale rather than for personal use.

A few minutes after the House had passed the Cherry bill it figured in debate on another measure.

This bill, which finally was defeated, would have reduced state retail liquor license fees from \$400 to \$100 and would have permitted cities or counties to charge a fee of as much as \$600 against the premises.

both immigrants and I know how great a privilege it is to be permitted to come to and live in this country. I am sure that all my kindred in Russia and Poland have been injured and killed as I would have been were I in those countries.

The older immigrants recognized the great privilege of migrating to America and asking for nothing more than an opportunity to make a new life here.

Some of the newer generations of immigrants seem to believe that they not only have the right to equality under the law, but that for some unaccountable reason they are entitled to special privileges, including the privilege of being criminals, of pushing dope, of bribing officials. Those who feel that way do not seek equality but preference.

If the opposition to the McCarran-Waller Act were based on the belief that it is unconstitutional, it would be a different matter. But the argument against this measure is that it is unfair to immigrants who wish to come and stay here. That is a different matter.

400 Planes

Continued from Page One

massive two-pronged strike against a Communist infantry and tank training school near Pyongyang, the Red capital.

Today's seven hoisted to 25 the number of MIGs reported destroyed or damaged in four days of fierce aerial fights. Of these, 14 were destroyed, 6 probably destroyed and 10 damaged.

Incomplete reports today said Sabra pilots shot down five MIGs deep over Northwest Korea and destroyed two more by outmaneuvering them in swirling dogfights that produced the 20th ace of the Korean war.

The new ace is Capt. Mandel J. Fernandez of Miami. He was credited with two kills, MIGs destroyed and one probably destroyed.

Two forces totaling 375 Allied fighter-bombers smashed the training school center at Kangso, directly west of Pyongyang.

Fifth Air Force and Marine planes rained more than 760,000 pounds of explosives on the target area in morning and afternoon strikes.

Pilots said their bombs touched off many secondary explosions, including direct hits on ammunition and fuel dumps. Numerous fires hurled clouds of smoke into the sky. An estimated 130 buildings were destroyed.

There was little action along the icy cold ground front. U. S. Eighth Army reported only brief skirmishes as temperatures plunged below zero all across the peninsula.

Search Continues for Crash Victims

MOBILE, Ala. (AP) — The Coast Guard kept up its search in the Gulf of Mexico today for wreckage of a National Airlines DC-6 and 28 passengers and crewmen still missing.

The entire Blackthorn, which had brought in 17 bodies and some debris from the crash Monday, returned to Mobile last night. No additional bodies or debris of any significance were located during yesterday's search.

Auray and others charged that the bill would take away nearly \$240,000 which had been calculated for inclusion in anticipated revenues under the administration fiscal bill.

The House approved a bill by Rep. Otis Lincoln of Ouachita County to specify that furlough time would not be counted in figuring a prisoner's minimum parole time.

The House approved without debate a plan to build a new Confederate home on the Blind and Deaf School grounds.

Markets

POULTRY AND PRODUCE

CHICAGO (AP) — Live poultry: steady; receipts 421 coops. F.O.B. paying prices unchanged except 1½ to one cent a pound higher on light hens; heavy hens 20-23; light hens 24-24.5; fryers or broilers 25-31; old roosters 18-20; ducklings 32.

Butter steady; receipts 657,470; wholesale buying prices unchanged; 24 score AA 66.75; B2 A 66.5; B3 64.5; 89 C 59.25; cars: 60 B 65; 60 C 60.

Eggs steady to firm; receipts 10,244; wholesale buying prices unchanged to 1 cent higher; U.S. large 44; U.S. mediums 43; U.S. standards and current receipts 42.5; dirties 40.75; checks 40.

NEW YORK STOCKS

NEW YORK (AP) — The stock market presented a ragged picture today with the tendency to the downside much of the time.

Trading was highly selective with the tendency to the downside much of the time.

Trading was highly selective with cross-currents of price movement and earnings and dividend pressures either way.

The changes ran from around a point higher to a little less than a point lower with few exceptions.

—Hogs 9,000; fairly active; weights 170 lbs up steady to 15 cents lower; lighter weights largely 25 lower; instances 50 lower on pigs; sows steady; bulk choice 180-230 lbs barrows and gilts 20.05-25; several 200-225 lbs as well as one load choice No. 1 243 lbs 21.00 to shippers and butchers; most 270-300 lbs 10.00-75; choice 150-170 lbs 18.75-20.00; 120-140 lbs 15.50-18.00; sows 400 lbs and lighter 17.75-18.00; sows 400 lbs and lighter 17.75-18.00; 400-550 lbs 10.00-17.75.

Cattle 9,000; calves 900; moderately active demand for steers and heifers; initial sales fully steady to strong; a few low to high good steers 20.00-22.00; high choice around 25.00; utility and commercial steers and heifers 10.00-20.00; cows less active and early sales barely steady; utility and commercial 14.50-19.00; canners and cutters largely 12.50-14.50; bulls steady to 30 lower; a few commercials 18.75-19.00; utility largely 17.00-18.00; vealers unchanged; good and choice 20.00-28.00; with a few prime to 40.00.

Sheep 1,000; only few small lots good and choice woolled lambs around 50 lower at 19.00-23.00.

GRAIN AND PROVISIONS

CHICAGO (AP) — A forecast for dust storms in a good part of the winter wheat area brought laying into the bread cereal on the Board of Trade today.

Wheat near the end of the first hour was unchanged to ¼ cent higher, March 42.24, corn and oats ¼-½ higher, March \$1.60, and was unchanged to ¼ higher, March 73. Soybeans were 1½-1¼ cents higher, March \$2.80, and laid was unchanged to 10 cents a hundred pounds higher, March 33.42.

Judge Promises

Continued from Page One

tions calling circumstances surrounding Judge Robinson's appointment and the Grand Jury's dismissal an impairment of "public confidence in judicial process."

The jurors issued a statement saying that no fund had been raised in the jury's name or with its sanction and that, in fact, no fund existed.

Robinson said he had learned of the alleged money through an anonymous letter and that his private investigation indicated it might exist.

He said he asked the jury to investigate the matter and considered its refusal to do so "biased and prejudiced." He added that it was on this basis that he discharged the panel, sworn in last September following dismissal by Robinson's predecessor, Gus Fulk, of an earlier Grand Jury investigating the highway department.

The jury returned no indictments.

Canada in Field of Atomic Power

Ottawa (AP) — Canada's government says it is going into the field of atomic power for industry.

Trade Minister C. D. Howe predicts it initially will cost more than hydroelectric current but eventually will mean lower power bills.

Howe told the House of Commons last night that "the time has come to undertake the development of atomic power in this country, and discussions are going on as to ways and means of bringing about that development."

Cash wheat: None. Corn: No. 1 yellow 1.60½, No. 2, 1.60-60½; No. 3, 1.54½-59; No. 4, 1.48-54; No. 5, 1.40; sample grade 1.28. Oats: None.

Barley nominal; Malting 1.35-81; feed 1.25-45. Field seed per hundredweight nominal: Sweet clover 8.00-75; redtop 38.00-39.00; alsike 27.50-28.50; timothy 12.50-13.00; red clover 28.00-29.00. Soybeans: None.

NEW YORK COTTON

NEW YORK (AP) — Cotton futures were irregular today. Most of the activity centered on evening up operations in nearby March prior to first notice day on Friday.

Late afternoon prices were 15 cents a bale higher to 15 cents lower than the previous close. March 32.73 May 33.13 and July 33.42.

Tax Committee

Continued from Page One

and raised the threat of a possible presidential veto. It was approved by the committee in a closed meeting late yesterday — without a recall vote.

President George Meany of the AFL came out today with a statement labeling the proposed income tax reduction "premature." He said any tax cut should be deferred until "it has been determined whether federal revenue needs will make any tax reductions feasible."

"When such time comes, reductions in income taxes should be related to the ability to pay and considered together with the need for reductions in other types of taxes," Meany said in letters to House leaders.

It was only a few hours after Eisenhower had come out once again in opposition to a tax cut at this time that the committee completed its report.

The committee planned to make it public today. Some newsmen saw a copy in advance of that action.

The report formally sends to the House, with a recommendation for passage, a bill by Committee Chairman Reed (R-NY) to cut individual income taxes 10 per cent starting July 1 — a bill approved 21-4 by the committee Monday.

At his first White House news conference, Eisenhower said yesterday that the government cannot afford to reduce taxes or federal income until it has in sight a spending program which balances in come and outgo. Otherwise, he added, higher taxes may result in the future.

Rhee Blames U. S. for Inflation

SEOUL, Korea, (UP) — President Syngman Rhee said today the United States is responsible for inflation in South Korea and must agree to a "pay as you go" system for buying Korean currency.

Rhee said the Republic of Korea has printed "quantities of useless paper money" to meet U.S. Army demands.

He said the U.S. has paid \$35,000,000 for "won" currency, and still owes \$7,000,000.

The debt figure is based on South Korea's demand that won be paid for at the official rate of 6,000 to the dollar. The U.S. is pressing for a settlement at 1,000 to the dollar.

Cherry Sent 'Blood Test' Marriage Bill

By RAY STEPHENS

LITTLE ROCK (AP) — The Arkansas General Assembly yesterday completed action on a controversial bill designed to reduce venereal disease by forcing applicants for marriage licenses to undergo a physical examination.

Only Gov. Francis Cherry's signature is needed to make the bill law and end a campaign that started at least eight years ago. It would put Arkansas in line with 30 other states having similar legislation.

Rep. Jim Conates of Pulaski County authored the bill, which was opposed by the Christian Science Church as a violation of religious freedom. Christian Scientists are opposed to medical treatment or examination of any kind, and sought to have themselves exempted from the bill.

The bill first won approval in the House, which had defeated similar proposals in the last four sessions. It cleared the Senate yesterday by a resounding 31-0 vote.

Sen. James P. Baker Jr., of Helena called the proposal "the most important piece of social legislation that has been brought before this Legislature."

Sen. J. Ford Smith of Augusta contended "this bill will force some people to give up the idea of marriage, and you'll see more illegitimate children than the Welfare Department can handle."

Smith, however, voted for the bill. The Coates bill provides that in cases of extreme emergency—such as pregnancy or a person on the death bed—the examination may be waived.

A bill to increase the tax on commercial fertilizer for support of a proposed soils testing laboratory at University of Arkansas was approved after two similar measures had been defeated earlier in the session.

The successful bill, by Rep. Kenneth Sulzer of Mississippi County, would boost the levy from 12½ to 24 cents a ton and divide it between the State Plant Board, which gets all the present tax, and the proposed new laboratory.

The bill, approved 70-10, goes to the Senate which has pending measures of its own for fertilizer tax increases to finance soil testing.

The House also passed a Senate bill to add non-support to the present grounds for divorce.

Godfrey Returns From Europe Tour

NEW YORK (UP) — Radio and television personality Arthur Godfrey returned today from a tour of European and African air bases with Gen. Curtis E. Lemay, chief of the Strategic Air Command.

A huge, double-decked C-54 transport carrying Lemay and a 23-man staff — and Godfrey landed at 5:32 a. m. EST at Mitchell Air Force Base on Long Island after a 10-day swing touching air bases in Africa, Germany, France and England.

Air Force officials were steering themselves against a possible new outcropping of rumors that Godfrey is in line for a big job in the Defense Department. The rumor has been denied repeatedly since news of the trip came out two weeks ago.

Godfrey's presence on what otherwise was a routine inspection tour brought a rash of curiosity and interest. This was heightened no doubt by his friendship with Defense Secretary Charles E. Wilson who earlier was reported to be favoring Godfrey for a psychological warfare post.

It is believed that many of the "witches" executed during the Inquisition of the Middle Ages were practicing pagan religions which originated in their countries before Christianity.

YOUR CHILD MAY HAVE PIN-WORMS

1 OUT OF 3 DOES!

Fidgeting, nose-picking and it-tingles rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pills must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W Tablets do... and here's how they do it:

First—a scientific coating encases the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—killing Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

Clark, Mrs. W. S. Oliver. The devotion will be given by Mrs. Lyle Mahen. A full attendance is urged.

Proclamation

WHEREAS, the General Department United Church Women of the National Council of Churches has designated Friday, February 20, 1953, as World Day of Prayer; and

WHEREAS, World Day of Prayer has been designated on an international, inter-denominational, inter-racial basis to join the peoples of this world together in the furtherance of a belief in the theme of that day "Walk as Children of the Light."

NOW, THEREFORE, I, John L. Wilson, Mayor of the City of Hope, Arkansas, do proclaim Friday, February 20, 1953, as "World Day of Prayer" in the City of Hope, and call upon the people of Hope and surrounding communities to observe this day by praying and attending a service at 3 p.m. of that day at the First Christian Church. If the duties of some are such as to make this impossible, I urge them to pause in their work for one minute at High Noon, to ask that God give that Hope that is in Christ Jesus, light to guide us, courage to support us, and love to unite us. I further urge every church or business having bells, chimes, or whistles to sound them at 12 noon for the observance of a period of prayer.

Witness my hand and seal of the City of Hope, this 18th day of February, 1953.

JOHN L. WILSON
 Mayor

Milk Firms Cancels Contracts at Conway

LITTLE ROCK (AP) — The Dean Milk Company of Conway has given a 90-day contract cancellation notice to the Central Arkansas Milk Producers Association. Dean's contract with the Association.

College Notes

Officials of Mary Hardin-Baylor College, Belton, Texas, announced last week that Miss Thelma L. Chism, daughter of Mr. and Mrs. R. E. Chism, is on the Dean's honor list with a record of all A's and B's for the fall semester. Miss Chism, a sophomore, is active in campus religious organizations, among them the Baptist Student Union Sextet which frequently has off-campus engagements.

Coming and Going

Mr. and Mrs. Marty Filogom of Arkadelphia were the week end guests of Mr. and Mrs. Henry Saunders.

Hospital Notes

Julia Chester
 Admitted: Miss Beryl Henry of Hope, Kathleen Markin, Lewisville. Discharged: Miss Orla Dodson, Hope, Mrs. Roy Ward, Hope, Walker Chambers, Prescott.

News Briefs

LITTLE ROCK, (AP) — The Little Rock City Council has increased the city's garbage collection fee to a flat \$6 per year.

The action, taken last night, becomes effective May 1. The yearly fee now is \$4 for houses and \$3 for apartments.

LITTLE ROCK, (AP) — Field offices at Blytheville and Jacksonville will be opened by the Little Rock District Corps of Engineers, Col. T. J. Hayes, district engineer, said yesterday.

Hayes said the offices will be set up in connection with proposed air base construction at the two cities.

Christine Has Changed Outlook on Life

Christine Jorgensen, of New York City, who served as an Army private when she was a man, has returned to the United States from a two-year stay in Denmark, where a series of operations changed her sex. Pictures below mirror the attractive blonde's reaction to reporters' questions upon her recent arrival in New York from Europe.

"I'm anxious to lead the life any normal woman wants to lead."

Marriage?—"Perhaps one day the right person will come along."

"I'm happy to be home. What American woman wouldn't be?"

To photographers: "Come on, hurry up, let's go."

Managers See New Servel 'Ice-Maker'

R. W. Curran, Northern Division Manager and George B. Tyler, New Business Manager, Arkansas Louisiana Gas Company, Little Rock, attended the premier showing in the tri-state area of the new Servel gas refrigerator "Ice-Make" at Memphis, Wednesday, February 18.

Gas company representatives and appliance dealers from Arkansas, Tennessee and Mississippi saw the first demonstration of Servel's sensational "Ice-Make" refrigerator.

"The new Ice Maker" Mr. Curran said, "revolutionizes home refrigerator service. Completely automatic, it keeps a supply of new ice cubes on hand at all times. Following this showing in Memphis the Ice Maker will be available to the public in all offices of the Arkansas Louisiana Gas Company, and at Servel appliance dealers."

"Thirty years ago the refrigerator industry learned how to freeze ice cubes in trays," Mr. Tyler said, "and ever since has been thinking up ways to get them out. The new Ice-Maker eliminates all this, making ice cubes automatically and depositing them in a basket, moisture free, as they are needed."

Mr. Curran said that the "Ice-Maker" unit takes up no more space than four old-type trays, yet holds far more ice.

Ceiling Lift Brings Meat Price Drop

LITTLE ROCK (AP) — The removal of price ceilings on meat resulted in a price decrease of as much as 10 cents a pound on beef at Little Rock markets last week.

One chain store spokesman said the decline in price on all choice grades of beef was caused by "keen competition." Increases in pork prices were explained as "seasonal" and unrelated to the decontrol action by President Eisenhower early last week.

New Plea Planned for Rosenbergs

NEW YORK (AP) — The attorney for condemned atom spies Julius and Ethel Rosenberg says he will make a new plea to President Eisenhower for executive clemency.

The lawyer, Emanuel H. Bloch, adds that the couple "will be vindicated" when Eisenhower "receives the full details."

Bloch made these statements to newsmen late yesterday after a three-man Federal Appeals Court granted the Rosenbergs a new stay of execution until March 30 or longer for another appeal to the U. S. Supreme Court.

Rosenberg, 34, and his 36-year-old wife were convicted almost two years ago of conspiracy to transmit atomic secrets to Russia.

One plea for executive clemency already has been made by Bloch. Eisenhower announced his rejection of the appeal a week ago. On Monday a Federal District Court scheduled the Rosenbergs to die the week of March 9 in the electric chair at Sing Sing Prison.

Joe Hunschitt, Association manager, said yesterday the cancellation will effect about 30 milk producers living in the Conway vicinity.

Hunschitt said the action was the result of a new contract between the Association and five major milk processors at Little Rock, Dean's Milk Co., and the Conway Milk Co.

DOROTHY DIX

To Marry Now, Or Wait?

Dear Miss Dix: I have been going steady with a boy for over a year. I knew I didn't love him, but I thought I would grow to care for him as time went on, so I was persuaded to become engaged to him. Now, of course, I realize I did the wrong thing. My family likes him very much, and his family accepts me almost as a daughter already.

Then, the inevitable happened! I met and fell in love with another man. Ricky, as I shall call him, feels the same about me. He does not want to be the cause of a broken engagement. I am 18, and Ricky is in his early 30's.

Shall I follow my heart and marry Ricky, or go ahead with my scheduled marriage, hoping things will turn out better than I expect?

EDNA E.

Two Angle Reply

Answer: Although you asked for a personal reply, Edna, you didn't give me your address, hence this is the best I can do for you. I'll treat your problem first from its obvious angle, then from the "between-the-lines" problem which apparently is not viable to you.

If you are convinced that you do not love Charles, and never have loved him, the only honorable thing to do is break the engagement.

ment, but at once! It is certainly much better for him to hear the story from you, than to have someone else inform him that you are meeting Ricky regularly.

Now for the second angle. Ricky, I fear, is enjoying a pleasantly innocent love affair in the knowledge that it is committing him to nothing. You are providing only a diversion for him. Ricky is not a particularly admirable character, though he seems to be an entertaining one.

Dear Miss Dix: I'm a young man of 20 with a problem. I've been in the Air Force for more than two years and am now overseas. I'll be home for another 22 months, and what I would like to know is: Should I ask my girl friend back home to wait for me? I want to marry her when I get home, but I know it will be hard to stay home every night waiting.

BOB

Answer: You are both too young to be serious. Bob, and it's wiser if you don't ask the girl to wait. From a portion of your letter, which I don't have room to print, I gather that you aren't too sure of your own emotions. If she loves you she'll wait without being asked, and if you discover, when you return that she's not everything you

hoped to find, there'll be fewer hurts to be healed.

Dear Miss Dix: When my husband comes in evenings he never says "hello" or anything. He says it's my turn to speak first. I'm 31, he's 18, and our baby is four months old. My husband is inclined to be sulky, sometimes he doesn't speak to me for two or three days.

ELLIE

Answer: Since you are the older by two years — and in your age group, two years is quite a difference — it's up to you to bring a little maturity to your marriage. At present, you are both being rather childish.

Dorothy Dix gives tips on improving social, business and domestic relations in lastest D-D "Dispensation." To obtain a copy, send a recent stamped, self-addressed envelope to Miss Dix, c/o Hope Star. Released by Bell Syndicate, Inc.
